Materials from the Libraries

Library materials will now be available curbside pick-up at our schools and at the Menasha Public Library. Please check out the resources available [here](#).

Pickup of personal belongings and At-Home book bags

You should have received communication from your school regarding pick up of student materials at the middle and high schools for this week. If you were not able to pick up your elementary student's materials last week and they are not delivered today, please call the main office at your school to set up an appointment to get them.

MJSD continues student online/at-home learning

The Menasha Joint School District will continue online/at-home learning through the end of the school year. Follow this [link](#) for an update on online/at-home learning. Please feel free to reach out to your child's teacher(s) if you have any questions or your child needs support in any of the online/at-home learning assignments.

Summer school information and registration can be found [here](#).

School meals continue to be provided

Free meals for **all families** will continue to be handed out to all students Monday through Thursday (due to holiday) from 11:00am – 12:30pm at five sites. On Thursday, we will be handing out lunch and breakfast for Friday, Saturday, Sunday and Monday. Bags will include lunch and the following day's breakfast. No forms or registration is required. Parents/guardians can pick up the meals without their children present. We encourage families to practice social distancing and not congregate at the meal pickup locations. See the food service update on our [COVID-19 website](#).

Social/emotional wellbeing is a priority

We care about the social/emotional wellbeing of our students and staff. There are many resources available on our [district website](#). Counselors, Social Workers, and Psychologists are available to support your student or family during this closure. Parents and students that requested assistance through the recent survey will be contacted this week by a counselor, social worker or psychologist.

Content Filtering for Students

Questions have come up regarding content filtering for the students while at home. MJSD is using a product called Securly for filtering and reporting on sites students are accessing. In an effort to keep our students safe, these reports are monitored 24/7 and any action related to the reports will be addressed daily during normal working hours of 8am to 4pm.

Please check our [website](#) for additional resources and updates. We will continue to provide major updates to you each Monday. Thank you for your support of our students in their learning. We hope you are well.

Sincerely,

Chris L. VanderHeyden
